# Robert Wright

*Can the Abrahamic religions—  
Judaism, Christianity, and Islam—  
coexist peacefully with one another?*

*The fate of the world may depend on that  
question, and Robert Wright says the answer is  
yes. Drawing on the histories and scriptures of  
these religions, he reveals the key to bringing out  
the best in them and shows that all three are  
capable of evolving in ways that help meet the  
great challenges of our time. .*
